

R.205 & R.205SS

Stainless Steel

Steel

AN EXCELLENT PARTNER FOR YOUR BACK AND YOUR HEALTH

Discover our range of **R.205** handling carts, whether it's the R.205 SS in Stainless Steel or the standard R.205, they are designed to meet various professional needs. The R.205 SS in Stainless Steel is specially designed for demanding environments such as the food industry and the pharmaceutical industry. It can handle loads of up to 205 kg, with a maximum lifting height of 239 cm. Possibly equipped with interchangeable stainless steel electrical tools, it offers great versatility. Its safety features, including overload protection, a safety clutch, and soft start, ensure secure handling.

The standard R.205 is a versatile lifting trolley, ideal for moving, lifting, and flipping various loads. It is suitable for the needs of large industries and 24/7 continuous work environments. With multiple safety features and interchangeable tools, it offers convenience and reliability.

The R.205 is delivered with AGM batteries (24 V : 9 Ah) as standard.
