

## Silverline Stira S Hand chain hoist

Capacity 500 - 5000 kg

The hand chain run is just as smooth as on the models Yalelift 360 and VSIII, but the Silverline Stira S series is a low-priced alternative to the high-quality units.

### Features

- Strong bolts between side plates and housing cover ensure increased stability.
- Chain guide rollers eliminate fouling and jamming of chain.
- The design prevents the hand chain from jamming and jumping off.
- Bearings for side plates permit a long service life.
- Zinc-plated load chain as standard.
- Forged suspension and load hooks are made from high tensile steel and fitted with safety latches.

### INFO

Yale hoists and trolleys are not designed for passenger elevation applications and must not be used for this purpose.
